All sales of Hardinge Products are subject to the following Terms and Conditions of Sale.

1 **Definitions.** The word "Seller" as used herein shall mean Hardinge Inc. and the word "Buyer" shall mean the Party to whom the Hardinge Product is sold, collectively the "Parties". The term "Product" means new machines, parts, collets, feed fingers and any other new equipment sold by Seller.

2 **Acceptance.** All Contracts and orders are subject to final acceptance at the Home Office of the Seller at Elmira, New York.

The terms and conditions herein contained, any additional "Supplement to Terms and Conditions of Sale," and terms and conditions stated in the Seller's quotation shall constitute the only agreement between the Seller and the Buyer. Any terms and conditions originating with the Buyer are hereby expressly rejected and shall not become part of the contract between the Buyer and the Seller unless specifically accepted in writing by a duly authorized officer of the Seller. The Seller's quotation is made subject to prior sales to third parties. In any event, said quotation will become void if not accepted by the Buyer within 30 days from the date of the offer.

Seller reserves the right to hold shipment of telephone or oral orders until written confirmation has been received from Buyer. Buyer assumes full responsibility for inaccurate or incomplete data supplied on special orders.

3. **Prices.** All prices are subject to change without notice at any time and are based in part on the applicability of the Terms and Conditions set forth herein. Should the Buyer desire other or different terms, the prices may be adjusted accordingly.

Prices are F.O.B. point of shipment for equipment boxed, crated, or skidded for domestic shipment (export packing charges are extra). Prices are those in effect at the time the order is received at Seller's plant, Elmira, New York 149021507.

IF BUYER SHOULD DELAY SHIPMENT BEYOND ORIGINAL CONTRACT DATE, THE PRICES CHARGED WILL BE THOSE IN EFFECT AT THE TIME THE SHIPMENT IS MADE.

Seller reserves the right to cancel Buyer's order in the event that (a) any government price regulation, schedule or ceiling prescribes a price lower than Seller's price as established in the order acknowledgment, or in any way prevents Seller from purchasing or otherwise acquiring any commodity or service necessary to the performance of the order, or in any way prevents Seller from adjusting its prices when the cost of any such commodity or service is increased and, (b) in the event any major change in economic conditions renders Seller's performance unprofitable.

1 **Taxes.** Prices do not include any sales, use, excise, property or other such taxes that may be levied on the transaction by local, state, federal or foreign governments. Any taxes Seller is required to collect from Buyer will be added to the invoice or billed separately to the Buyer.

2 **Terms of Payment Domestic.** Unless otherwise specified in the Seller's quotation, the terms of payment will be net cash thirty (30) days from date of invoice and are subject to credit approval by Seller's credit department. For machine orders, the terms of payment will be ten percent (10%) down upon receipt of the order by Seller with the balance due upon shipment from the Seller's facility. An additional down payment or progress payments, as determined by the Seller, may be required for certain orders. The seller also retains the right to require a Uniform Commercial Code (UCC) Financing Statement for all machine purchases not fully paid for prior to shipment from sellers premise.

In cases where shipment of a completed Product is delayed at request of Buyer, Seller reserves right to issue the final invoice for the Product as of the date it becomes ready for shipment. Late charges at the rate of 1.5% per month (18% annually) may be charged on past due accounts.

The seller also retains the right to require the applicable country equivalent of a United States Uniform Commercial Code (UCC) Financing Statement for all machine purchases not fully paid for prior to shipment from sellers premise.

1 **Production Estimates.** Any projected Production figures and performance data are estimates based on Seller's understanding of the machinability of material, amount of material to be removed, accuracy desired, available facilities, operator skill, and other specified factors affecting Production, and do not constitute a guarantee of Production.

2 **Delivery.** The quoted delivery dates are approximate and a more specific date will be established upon the Seller's acceptance of Buyer's order. Delivery dates are subject to revision at any time due to causes beyond the Seller's control. These would include, but not be limited to, delay in receipt of purchaser's signed order or complete specifications, fire, shortages of material, transportation delays, strikes, failure of suppliers or subcontractors to meet delivery schedules, war, riots, acts of God, any action by any government agency, and any priority or rationing system imposed by authority of any government agency. Seller shall not be liable for any damages arising, in any way, from any late delivery or non-delivery.

Delivery to a common carrier or licensed trucker shall constitute tender of delivery, passing of title and risk of loss to the Buyer and all risk of loss or damage in transit shall be borne by the Buyer. In no event shall the Seller be held liable for damages or expenses caused by delays in delivery.

Seller reserves the right to stoppage in transit and to repossess equipment notwithstanding delivery to the carrier, until payment in full has been made to Seller. Buyer, by acceptance of the Products, grants a security interest to Seller in such Products until paid in full together with all of the rights and remedies of a secured party under the Uniform Commercial Code.

No claim relating to quantity, condition, loss or damage to the goods made by Buyer will be accepted by Seller unless Seller is given written notice of said claim within thirty (30) days after date of shipment.

Title to the Buyer's material will remain at all times with Buyer. Risk of loss or damage to material will transfer to Seller upon its arrival at the repair or manufacturing plant and will transfer back to Buyer upon its delivery to the carrier at the repair or manufacturing plant after the work is performed. This warranty is void and of no effect and Seller shall not be liable for any breach of warranty, express or implied, if the equipment or any part or component thereof shall have been repaired or altered by persons other than the Seller unless expressly authorized in writing by Seller, or if the equipment is operated or installed contrary to Seller's instruction or subjected to misuse, negligence or accident.

Written notice of any claimed defect within the warranty period must be presented to the Seller immediately upon Buyer's discovery of the defect.

The cost of Product usage shall be based on the latest Seller rental price for renting a similar product as the Product being returned for the same period of time for which the Product was utilized by the Buyer. This cost shall be deducted from the purchase price refund to the Buyer.

The sole purpose of the stipulated exclusive remedy shall be to provide the Buyer with free repair or replacement of defective Products, or refund of the purchase price, in the manner provided herein.
